NORTH ORANGE COUNTY REFEREE ASSOCIATION

ADDITIONAL EXPERIENCE INFORMATION

In order to assist the Association in assigning you to the level of games that you can comfortably handle as the center referee, we use the following experience rating scale.

Many referees have become discouraged and quit because they are assigned to games they did not have enough experience for.

Listed below you will find the rating scale that will generally be used for assigning purposes. To determine your rating, you should have enough experience to officiate a cup final, at the competitive level, for that division.
